

## SAM Fly-In, May 1<sup>st</sup>, 2010 Ocala, FL

The Society of Antique Modelers (SAM) chapter at OTOW in Ocala held its 3rd Annual SAM Fly In on May Day this year. *The 'Antique' supposedly applies to the models*, which are mostly of 1930s and 40s vintage free flighters, now using radio assist. About 20 SAM models were on site, and most flew just fine. Several had glow, one had diesel, and some had been converted to E-power.

The hosts offered beverages at no charge, and there was no entry fee. Red Scholefield and Lyman Slack represented the Flying Gators. It is believed that Red put in more flights than anyone else. Lyman's 1939 Zipper was flown by both the CD of the event, Herb Brokhof, and Red. Incidentally, it was chosen as "Pilots Choice", Red flew his Kerswap and his Fly Baby.
