

# Manley Darryl Garrison

April 11, 1966 / May 3, 2008

Sometimes it is very difficult to find the words that are truly able to express your feelings. This is one of those times. We have lost one of our most dedicated members and one tremendous friend, not only to so many of us, but to our hobby as well.

Darryl will be remembered for his eagerness to help with field improvement projects at our field, his willingness to help teach the newer students the thrill of flying radio control aircraft, and his work with the young people in our ongoing educational activities. More than anything else, he will be remembered as a great friend to so many of us, and a remarkable young man. Our thoughts and prayers go out to his family and his loved ones.

A trust fund for Darryl's two children has been established at the following:
